Week 7, Term 3, Thursday 27th August, 2015

## Principal's Report

Congratulations to the students and staff who have been part of the high quality, entertaining items that Inverell Public School has performed at the Inverell Eisteddfod. I was very proud of our student's superb presentation in their uniforms, focus on their teachers and commitment to their 'team' – all the makings of great performances. I extend a huge thanks to our students who were outstanding ambassadors for their school. Special thanks to Mrs Hare who has assisted with the school choirs throughout the year.

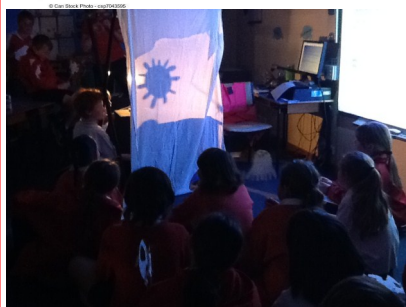

Last week we recognised Science Week. On Friday Mrs Beattie, Mrs Aitken and Mrs Williams organised a terrific practical science day about "Making Waves, The Science of Light". Children were engaged in science learning activities such as making kaleidoscopes, studying the refraction of light, using light boxes and learning about light, shade and images. Curiosity and problem solving were the hallmarks of a special learning event.

The Early Birds program is in full swing. Our 2016 Kindergarten students are enjoying becoming familiar with the school and school routines. Thankyou to Mrs Griffin who has coordinated the program, and to the Kindergarten team for their enthusiasm and support for our youngest students.

These high quality learning opportunities could not occur without the commitment of time, effort and energy by the Inverell PS staff that takes us beyond the general day to day school operation.

## SCIENCE DAY FRIDAY 21ST AUGUST MAKING WAVES—The Science of Light

Students having an enlightening time during Science Week and Friday's special activities. Thank you to Mr Gaias and his Year 9 Science students from Macintyre High who contributed greatly to the day!
